# ENGINEERING AND RELATED SERVICES NOVEMBER 2, 2007

STATE PROJECT NO. 700-09-0167 F.A.P. NO. STP-0907(512) BAYOU PIERRE BRIDGE WIDENING ROUTE LA 511 CADDO PARISH

Under Authority granted by Title 48 of Louisiana Revised Statutes, the Louisiana Department of Transportation and Development (DOTD) hereby issues a Request for Qualification Statements (RFQ) on Standard Form 24-102 (SF 24-102), "Professional Engineering and Related Services", revised January 2003, from Consulting Firms (Consultant) to provide engineering and related services. All requirements of Louisiana Professional Engineering and Land Surveying (LAPELS) Board must be met prior to the execution of the contract. One Prime-Consultant/Sub-Consultant(s) (Consultant/Team) will be selected for this Contract.

Project Manager – Mr. Don Maddox may be reached at (318) 549-8304.

#### PROJECT DESCRIPTION

The selected Consultant/Team will prepare preliminary bridge plans to widen Bayou Pierre Bridge to four lanes with a center turn lane and side walks. The side walks shall be existing width and the lanes widths shall be 12'. In addition, the Consultant shall provide sequence of construction sheets that have been coordinated with the roadway phasing.

The project is located within the City of Shreveport. The engineering contract will be for the bridge plans. The existing LA 511 Bridge to be widened crosses Bayou Pierre near the Fern Avenue intersection. The existing bridge is a four lane with sidewalks that will be widened to provide a 14' left turn lane. The existing bridge is 58' wide (clear roadway width) by 175' and it will be widened approximately 14'. This will allow the roadway widening to have a median left turn lane for the Fern Avenue intersection. This bridge is located on the eastern end of the project.

#### **SCOPE OF SERVICES**

The services to be rendered for this Project shall consist of the following Stage(s) and Part(s):

Stage 3: Design

Part III: Preliminary Bridge Plans

Part IV: Final Bridge Plans

Stage 5: Construction

Part I: Construction Support Part II: Shop Drawings

## ADDITIONAL SERVICES

The scope of services, compensation and contract time for future engineering services will be established by Supplemental Agreement(s) for the following:

- Stage 3: Design, Part IV: Final Plans (Geotechnical Analysis will be required on Final Plans.)
- Stage 5: Construction, Part I: Construction Support, if required.
- Stage 5: Construction, Part II: Shop Drawings

#### ITEMS TO BE PROVIDED BY DOTD

- 1. Topographical Survey
- 2. Bridge Geotechnical Borings
- 3. As-Built Plans, if available
- 4. Standard Plans, as needed
- 5. Traffic Data
- 6. Environmental Document

#### REFERENCES

All services and documents will meet the standard requirements as to format and content of the DOTD; and will be prepared in accordance with the latest applicable editions, supplements and revisions of the following:

- 1. AASHTO Standards, ASTM Standards or DOTD Test Procedures
- 2. DOTD Location and Survey Manual
- 3. DOTD Roadway Design Procedures and Details
- 4. DOTD Hydraulics Manual
- 5. DOTD Standard Specifications for Roads and Bridges
- 6. Manual of Uniform Traffic Control Devices
- 7. DOTD Traffic Signal Design Manual
- 8. National Environmental Policy Act (NEPA)
- 9. National Electric Safety Code
- 10. National Electric Code (NFPA 70)
- 11. DOTD Environmental Impact Procedures (Vols. I-III)
- 12. Policy on Geometric Design of Highways and Streets
- 13. Construction Contract Administration Manual
- 14. Materials Sampling Manual
- 15. DOTD Bridge Design Manual
- 16. Consultant Contract Services Manual
- 17. Geotechnical Engineering Services Document
- 18. Bridge Inspectors Reference Manual

#### **COMPENSATION**

Compensation to the Consultant for Preliminary Bridge Plans rendered in connection with this Contract will be a non-negotiated lump sum in the amount of \$58,922.

All travel related expenses will be compensated under direct expenses, and will be in accordance with Louisiana Office of State Travel regulations found at: <a href="http://www.doa.louisiana.gov/osp/travel/travelpolicy/travelguide.pdf">http://www.doa.louisiana.gov/osp/travel/travelpolicy/travelguide.pdf</a>. Vehicle rental rates will require prior approval from the DOTD Project Manager.

#### **CONTRACT TIME**

The overall contract time is estimated to be 540 days. The Consultant will proceed with the services specified herein after the execution of this Contract and upon written Notice-To-Proceed from the DOTD, and will not exceed 180 calendar days, including review time. The delivery schedule for all project deliverables will be established by the Project Manager.

## MINIMUM PERSONNEL REQUIREMENTS

The following requirements must be met by the Prime-Consultant at the time of submittal:

- 1. At least one Principal of the Consultant must be a Professional Engineer registered in the State of Louisiana.
- 2. At least one Principal, or responsible member of the Consultant, must be a Professional Civil Engineer registered in the State of Louisiana.
- 3. The Consultant must also employ, on a full time basis or through the use of a subconsultant(s):
  - a. One Professional Civil Engineer registered in the State of Louisiana, with at least five years experience in structural design of highway bridges and a corresponding support staff.
  - b. One Professional Civil Engineer registered in the State of Louisiana with at least five years experience in geotechnical investigation, testing and analysis for the design and construction of highway and bridge foundations and a corresponding support staff.

#### ELECTRONIC DELIVERABLES

The Consultant hereby agrees to produce electronic deliverables in conformance with "DOTD Software and Deliverable Standards for Electronic Plans" as outlined at <a href="http://www.dotd.louisiana.gov/highways/project\_devel/design/electronic\_standards\_disclaimer.as\_p.">http://www.dotd.louisiana.gov/highways/project\_devel/design/electronic\_standards\_disclaimer.as\_p.</a> The Consultant shall download and apply the latest CAD standards. The Consultant hereby agrees to install incremental updates to software and CAD standards as instructed by the Project Manager. Such updates will not have a significant impact on the development time or delivery date for project plans, or require the Consultant to purchase

additional software. Prior to proceeding with plan development, the Consultant shall contact the Project Manager for any special instructions regarding updates to standards or project-specific requirements if this information has not already been provided.

In the event that any electronic standard conflicts with written documentation, including DOTD plan-development manuals, the electronic standard typically governs. The Consultant is responsible for contacting the Project Manager should questions arise.

Plan deliveries shall be made on CD or DVD media and labeled with media-compatible indelible ink on separate lines as follows:

State Project Number

"Final Plans Submittal", "60% ACP Submittal" (or other milestone)

"Electronic Deliverables"

Consultant Firm Name

The CD/DVD shall be delivered with a signed cover letter that includes, among the formalities, a deliverable "hash" code that is documented in a report generated by the ControlCAD Indexer Submittal tool. The hash code is used to verify that the CD is authentic. At any stage of the plan development process, the Project Manager may require plan delivery by other methods including, but not limited to, upload to the DOTD ProjectWise repository.

The prime Consultant is responsible for ensuring that Sub-Consultants are prepared to produce electronic deliverables in conformance with DOTD electronic standards for plans.

## QUALITY CONTROL/QUALITY ASSURANCE

The DOTD requires the Consultant to develop a Quality Control/Quality Assurance program or adopt DOTD's program; in order to provide a mechanism by which all construction plans can be subject to a systematic and consistent review. Consultant's must ensure quality and adhere to established design policies, procedures, standards and guidelines in the preparation and review of all design products. The DOTD shall provide limited input and technical assistance to the Consultant. The Consultant's plans shall meet or exceed DOTD's Construction Plans Quality Control / Quality Assurance Manual and EDSM No. Volume I. 1.1.24 on Plan Quality. The Consultant shall transmit plans with a DOTD Quality Control/Quality Assurance Checklist, Documentation Manual for Project Delivery, and a certification that the plans meet the DOTD's quality standards.

## **EVALUATION CRITERIA**

The general criteria to be used by DOTD (when applicable) in evaluating responses for the selection of a Consultant to perform these services are:

- 1. Consultant's firm experience on similar projects, weighting factor of 3;
- 2. Consultant's personnel experience on similar projects, weighting factor of 4;
- 3. Consultant's firm size as related to the estimated project cost, weighting factor of 3;
- 4. Consultant's past performance on similar DOTD projects, weighting factor of 6; \*\*

- 5. Consultant's current work load with DOTD, weighting factor of 5;
- 6. Location where the work will be performed, weighting factor of 4;

Consultants will be evaluated as indicated in Items 1-6. The evaluation will be by means of a point-based rating system. Each of the above criteria will receive a rating on a scale of 0-4. The rating will then be multiplied by the corresponding weighting factor. The firm's rating in each category will then be added to arrive at the Consultant's final rating.

If Sub-Consultants are used, each member of the Consultant/Team will be evaluated on their part of the contract, proportional to the amount of their work. The individual team member ratings will then be added to arrive at the Consultant/Team rating.

DOTD's Consultant Evaluation Committee will be responsible for performing the above described evaluation, and will present a short list of the three (if three are qualified) highest rated Consultants to the Secretary of the DOTD. The Secretary will make the final selection.

## **CONTRACT REQUIREMENTS**

The selected Consultant will be required to execute the contract within 10 days after receipt of the contract.

**INSURANCE** - During the term of this contract, the Consultant will carry professional liability insurance in the amount of \$1,000,000. The Prime-Consultant may require the Sub-Consultant(s) to carry professional liability insurance. This insurance will be written on a "claims-made" basis. Prior to executing the contract, the Consultant will provide a Certificate of Insurance to DOTD showing evidence of such professional liability insurance.

**AUDIT** - The selected Consultant/Team will allow the DOTD Audit Section to perform an annual overhead audit of their books, or provide an *independent* Certified Public Accountant (CPA) audited overhead rate. This rate must be developed using Federal Acquisition Regulations (FAR) and guidelines provided by the DOTD Audit Section. In addition, the Consultant/Team will submit semi-annual labor rate information, when requested by DOTD.

The selected Consultant/Team will maintain an approved Project Cost System, and segregate direct from indirect cost in their General Ledger. Pre-award and post audits, as well as interim audits, may be required. For audit purposes, the selected Consultant/Team will maintain accounting records for a minimum of five years after final contract payment.

<sup>\*\*</sup> The Bridge Design (moderate) (BB) performance rating will be used for this project.

Any Consultant currently under contract with the DOTD and who has not met all the audit requirements documented in the manual and/or notices posted on the Consultant Contract Services Website (www.dotd.louisiana.gov), will not be considered for this project.

# SUBMITTAL REQUIREMENTS

One original (stamped original) and four copies of the SF 24-102 must be submitted to DOTD. All submittals must be in accordance with the requirements of this advertisement and the Consultant Contract Services Manual. Any Consultant/Team failing to submit any of the information required on the SF 24-102, or providing inaccurate information on the SF 24-102, will be considered non-responsive.

Any Sub-Consultants to be used, including Disadvantaged Business Enterprises (DBE), in performance of this Contract, must also submit a SF 24-102, which is completely filled out and contains all information pertinent to the work to be performed.

The Sub-Consultant's SF 24-102 must be firmly bound to the Consultant's SF 24-102. In Section 9, the Consultant's SF 24-102 must describe the work elements to be performed by the Sub-Consultant(s), and state the approximate percentage of each work element to be subcontracted to each Sub-Consultant.

Name(s) of the Consultant/Team listed on the SF 24-102, must precisely match the name(s) filed with the Louisiana Secretary of State, Corporation Division, and the Louisiana State Board of Registration for Professional Engineers and Land Surveyors.

The SF 24-102 will be identified with State Project No. 700-09-0167, and will be submitted prior to 3:00 p.m. CST on Monday, November 26, 2007, by hand delivery or mail, addressed to:

Department of Transportation and Development Attn.: Mr. Edward R. Wedge, P.E. Consultant Contract Services Administrator 1201 Capitol Access Road, Room 405-T Baton Rouge, LA 70802-4438 or Post Office Box 94245 Baton Rouge, Louisiana 70804-9245

Telephone: (225) 379-1989

# **REVISIONS TO THE RFQ**

DOTD reserves the right to revise any part of the RFQ by issuing an addendum to the RFQ at any time. Issuance of this RFQ in no way constitutes a commitment by DOTD to award a contract. DOTD reserves the right to accept or reject, in whole or part, all Qualification Statements submitted, and/or cancel this announcement if it is determined to be in DOTD's best interest. All materials submitted in response to this announcement become the property of DOTD, and selection or rejection of a submittal does not affect this right. DOTD also reserves the right, at its sole discretion, to waive administrative informalities contained in the RFQ.
